39C.1 Section 39C was established effective 1 April 1993 in the context of the second phase of the restructuring of the Secretariat for the purpose of identifying the activities and resources of the Department for Development Support and Management Services. The revised appropriation for the period 1 April-31 December 1993 was approved by the General Assembly in its resolution 47/212 B of 6 May 1993.

39C.2 Explanations regarding the changes in respect of rates of exchange and inflation may be found in the main document and are not repeated here. Changes appearing under the "Other changes" column, indicating an overall decrease of $815,900, are explained below.

A. Posts (Decrease: $618,800)

39C.3 The decrease of $618,800 results from delays in filling a number of vacant posts in the Department, including replacement posts of staff on temporary assignment with peace-keeping operations.

B. Other staff costs (Increase: $32,400)

39C.4 The increase of $32,400 under this heading results from higher than estimated requirements under "General temporary assistance" ($70,600), partly offset by decrease under "Overtime and night differential" ($38,200).

C. Consultants and experts (Decrease: $94,900)

39C.5 The decrease under this heading ($94,900) is the result of a lesser use of consultants and the fact that two ad hoc expert group meetings scheduled for 1993 were not held.

D. Travel (Decrease: $63,900)

39C.6 The estimated savings under this heading in the amount of $63,900 are the result of lower than estimated travel requirements for the Department in the course of the programme implementation.

E. General operating expenses (Decrease: $70,700)

39C.7 The decrease in the amount of $70,700 results from lower than estimated requirements for rental and maintenance of furniture and equipment ($10,800) and data-processing equipment ($59,900).
